

“One-Source” Solution

Emergency Phone Systems

ETP-400 Series Solutions from CTR Systems

Overview

This series has auxiliary input and outputs allowing connection to strobe lights, CCTV, door opener, remote controls, alarm sensors, etc. ADA Compliant, models have built-in cast metal raised letters and Braille signage.

Emergency and Informational Phones can be used at facilities such as parking garages, college campuses, controlled access gates, medical centers and industrial parks.

One-Button

ETP-400
Standard “Emergency” wording available such as “To Call” (ETP-400C).
Weight: 8lbs.
Front Panel: 9^{1/2}” w x 11^{3/4}”h
Wall Opening: 6^{5/8}”w x 9^{3/4}”h x 2^{1/2}”d

ETP-401
This model is a smaller, surface mount version of the ETP-400. Having identical features, the ETP-401 is a totally self-contained surface mount design, made of attractive, brushed-stainless steel. Standard “Emergency” wording available such as “To Call” by specifying Model ETP-401C.
Weight: 8lbs.
Size: 6^{3/4}”w x 10”h x 2^{15/16}”d

Two-Button

ETP-402
The ETP-402 expands the calling capabilities of the one-button models. The top call button is for emergency use, and can call two numbers. The lower call button may be programmed with one or two different numbers for non-emergency calls. The second button can be designated as “Info” or “Call.” (shown)
Weight: 8lbs.
Size: 6^{3/4}”w x 10”h x 2^{15/16}”d

ETP-400D
Similar to the ETP-402, but flush mounts.
Weight: 8lbs.
Front Panel: 9^{1/2}”w x 11^{3/4}”h
Wall Opening: 6^{5/8}”w x 9^{3/4}”h x 2^{1/2}”d

Keypad

ETP-400K

Adds a 12-key phone pad to the emergency phone features of the ETP-400. Typically used on PBX lines, it can be used to make calls to numbers authorized by you. The Emergency Button on top operates as with the ETP-400, and takes priority over manually placed calls.

Weight: 8lbs.

Front Panel: 9^{1/2}"w x 11^{3/4}"h

Wall Opening: 6^{5/8}"w x 9^{3/4}"h x 2^{1/2}"d

ETP-402K

This model adds a 12-key telephone pad to a surface mounted design. The ETP-402LK is an attractive, stainless steel model that has all the features of the larger ETP-402K in the same size and appearance as the ETP-402.

Weight: 8lbs.

Size: 6^{3/4}"w x 10"h x 2^{15/16}"d

Surface Mount Accessories

Suitable for outdoor or indoor use, surface mount accessories are constructed of durable stainless steel. All three units are available in a brushed-finish or may be painted either bright "caution yellow", "emergency red" or "hospital blue" with the optional word "Emergency" on the side. Customized wording such as "Help" or "Info" also available upon request.

ETP-SM

Standard

Weight: 7lbs.

Size: 10^{1/2}"w x 12^{1/2}"h x 3^{5/8}"d

ETP-SMH

With weather protective hood. (shown)

Weight: 11lbs.

Size: 10^{1/2}"w x 12^{3/4}"h x 6^{1/2}"d(top); 5"d (bottom)

ETP-SML

With weather protective hood; faceplate and translucent "Emergency" sign are both lighted. Unit is larger for greater visibility and easy integration of RF or cellular interface.

Weight: 12^{1/2}lbs.

Size: 10^{1/2}"w x 15^{3/4}"h x 7^{1/2}"d(top); 6"d(bottom)

ETP-SME

Surface Mount Extension allows conduit connection to ETP-401, ETP-402 or ETP-402K

Weight: 3.5lbs.

Size: 6^{7/8}"w x 10^{1/8}"h x 2^{3/16}"d
