CTR AWARDED SAN ANTONIO PARKING CONTRACT

WARRENDALE, PA (June 17, 2010) — CTR Systems was awarded a \$2.5 million contract to automate nine city-served parking garages and lots for the City of San Antonio.

The project will include new automated entry and exit lanes utilizing credit card in/out along with state-of-the-art Voice over internet protocol (VoIP) and pay-in-lane stations. San Antonio will implement CTR Systems' WEB PARCS software to streamline vehicular access and revenue control in city parking facilities. CTR's innovative system will interface with the city's current software system to provide seamless parking enforcement and management services.

About CTR Systems Inc.

CTR Systems Inc., based outside of Pittsburgh, in Warrendale, Pa., is a single-source provider of products and services for time & attendance, payroll & human resources, parking revenue control and access control. Since 1964, we've been working with businesses small and large to develop integrated systems for their workforce, revenue and facilities management needs.
